

## **DNA Testing – Unistel done by the FPSSA**

- DNA is required from ALL foals and their mothers. The following applies
  1. DNA to be taken by a registered vet or KFPS Judge
  2. DNA to be placed in a clean envelope or small plastic bag
  3. The bag/envelope is to be marked clearly with the horse/foals name and registration and chip number if no registration number is available
  4. The bag/envelope must be sealed with tape and signed on the tape by the vet or judge
- The FPSSA will organise for the DNA to be sent to for testing. The cost of the DNA Test is for the owners account.
- The FPSSA will keep records of all DNA results.
- All relevant documentation is to be submitted with the DNA and sent via registered mail to the FPSSA office, within 1 month of the foal's birth.
  1. Birth Certificate (White certificate issued by the stallion owner) with micro- chip number and relevant signature from the vet or KFPS Judge on the Birth Certificate
  2. Send to FPSSA Office – P. O. Box 2046 Zwawelpoort 0036
- Any DNA sent to the FPSSA office that has not adhered to the above regulations will not be submitted for testing.
- It is the responsibility of the owner to check that the FPSSA office has received the DNA.
